

Dear Mr. and Mrs. Hunt, my school and I would like to thank you for giving us the old Wright City Middle School building. We thank God for you both as well. If it wasn't for you two we as a school would not be here right now. It's only by the hand of God that all of this has happened, and He used you two to carry out His will. So the thanks go to you and to God for helping those who are in need, even when you do not personally know us. So, thank you. It means more than you both will ever know.

I would also like to thank both of you personally for giving L.C.A the school, because if you hadn't given it to us, I wouldn't be with my friends in a safe Christian atmosphere, and I wouldn't be with my girlfriend. So I thank you so much for doing so, for listening to your hearts and for being nice and generous. You have no idea exactly how much you have done for L.C.A and for me as well. **THANK YOU!!!!!!!!!!**

Sincerely, Zachary Hill
